

## Everything Needed to Automate Your Payroll Process

TA50 PRO is a simple to use yet powerful time and attendance solution that allows you to automate your company's timekeeping and attendance tracking with built-in setup wizards and simplified daily operations. TA50 PRO completely eliminates paper timesheets, which are the root of most payroll nightmares! Employees clock in and out at an electronic data terminal using either magnetic stripe or bar code badges.

- Automates manual time card calculations
- Eliminates missing punch overpayments
- Helps develop employee schedules
- Grows to meet your expanding business needs
- Easy to use wizards
- Applies Your Pay Rules
- Supports an unlimited number of shifts, pay categories and departments
- Provides extensive payroll and management reports
- Allows "cash" and "charge" tip recording and reporting
- Exports hours directly to more than thirty popular payroll providers

### The Power of Simplicity

TA50 PRO software collects employee transactions and your pay rules are applied automatically, consistently and impartially. The solution includes 50 "track 2" magnetic-stripe employee badges and the option of using "3 of 9" bar code badges. Additionally TA50 PRO's data collection terminal comes with a 6' cable for a direct, serial connection with the option of using several of these terminals on an RS485 LAN. The TA50 PRO solution will also support remote modem communications.

TA50 PRO's powerful reporting system provides you with the tools to better manage your labor force. TA50 PRO's reports help you avoid unauthorized overtime, track employee status, track benefit administration, control departmental costs, monitor staffing and much more.

Know exactly where your employee's time and dollars are spent. Implement your rounding rules, not your employee's. Eliminate Payday Panic. By removing human errors from your payroll, accurately reporting employee's hours and dramatically reducing the amount of time spent preparing payroll; the TA50 PRO will pay for itself in less than one year!

## System Recommendations

- Windows 98/2000/NT/ME/XP
- Pentium II or better
- 64 MB of RAM
- 100 MB of Available Hard Disk Space

## Features

**Company Policies and Rules:** TA50 PRO offers a variety of options to fit a company with several shift and pay policies.

**Customize:** TA50 PRO offers administrators the ability to change the names of key fields within the menu and reporting system. In addition, TA50 PRO allows users to define two system fields in the employee master record.

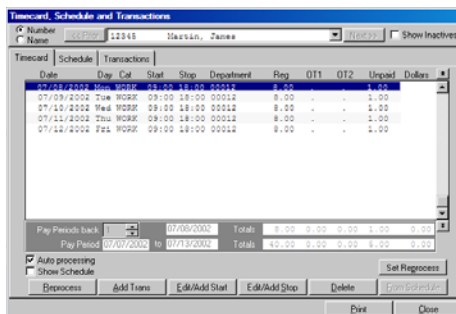

**HR Functions:** Tracks employee attendance, employee tardiness, department transfers, schedules, automates employee time and wage calculations.

**Payroll Processing:** TA50 PRO comes standard with an export feature that allows you to send data to a third party payroll system through a payroll wizard without the need to re-enter this information into the payroll software.

**Spot Trends:** Not only can TA50 PRO show users when sick days were taken, it can produce Trend Analysis to show users how many days are taken and on which day of the week.

**Security:** Each user has a unique User ID and Password. Filters are included to allow supervisors to access only their respective employees.

**Employee Messaging:** TA50 PRO displays employee names at the data terminal for swipe validation.

## Solution Includes:

**TA50 PRO Software:** The TA50 PRO software will support 50 employees and a single user. The system can be upgraded to support up to 200 employees and 5 concurrent users.

**Data Collection Device:** The TA50 PRO bundled package includes a data collection device for a LAN, serial, or modem connection. A 6ft serial cable is included.

**Employee Badges:** The TA50 PRO solution includes 50 "track 2" magnetic-stripe employee badges. You have the option of using "3 of 9" bar code badges instead.

**PC Time Clock:** The TA50 PRO includes a PC-based time clock that allows employees to perform all normal time clock functions at their PC.
